

Waterfall Solutions LTD., to attend the 2008 IFSEC Conference

Tel Aviv, Israel, May 8th 2008 - Waterfall Solutions Ltd., the leading provider of secure unidirectional connectivity for IP based Surveillance Infrastructure, SCADA systems, Remote Infrastructure Monitoring and Segregated Networks announced today that Waterfall Solutions will attend the 2008 IFSEC Conference at the National Exhibition Center (NEC) in Birmingham, England.

Waterfall Solutions will display its WF-ISE Plus with PTZ capabilities at the conference. Demos of the WF-ISE will be available for select OEM and carrier partners to evaluate. Waterfall Solutions will exhibit at booth # 21198 during the four day conference from May 12th to May 15th. Additionally, Waterfall Solution's management will be available for separate one-on-one meetings with interested partners.

“IFSEC is the ideal setting for us to display the first security solution that enables companies and organizations to enjoy the advantages of IP-based surveillance without suffering from the dangers inherent in network connectivity.” said Esti Peshin CEO of Waterfall Solutions.

IFSEC is Europe's largest physical and electronic security event. www.ifsec.co.uk

About Waterfall Solutions:
