
Waterfall Solutions LTD., to Present at the 2008 ENTELEC Conference

Fri Mar 28, 2008 7:00am EDT

TEL AVIV, Israel, March 28 /PRNewswire/ -- Waterfall Solutions Ltd., the leading provider of secure unidirectional connectivity for SCADA systems, IP based Surveillance Infrastructure and Segregated Networks announced today that Lior Frenkel, Waterfall Solutions co-founder and CTO, will present at the 2008 ENTELEC conference at the George R. Brown Convention Center in Houston Texas.

In a presentation at 9:30am on Thursday, April 10th, Mr. Frenkel will give the key-note address on the topic of "A Realistic Approach for Connecting SCADA/DCS Networks to Administrative or Less-Secure Networks". Additionally, that same day, Mr. Frenkel will be available for separate one-on-one meetings with interested partners.

The Entelec conference is focused on communications and control technologies used by petroleum, natural gas, pipeline and electric utility companies. www.entelec.org

About Waterfall Solutions:

Waterfall Solutions Ltd. is the leading provider of secure unidirectional connectivity for Segregated Networks, IP Surveillance Infrastructure and SCADA Systems. Developed in 2004 to meet the needs of the Israeli Ministry of Defense, Waterfall has been deployed in many homeland security and critical national infrastructure organizations, as well as a large variety of financial & enterprise customers.

The Company is expanding globally through channels, OEM, and technology partnerships.
