

Waterfall Solutions LTD., to attend the 2008 ISC West International Security Conference and Exposition

TEL AVIV, Israel, March 26th 2008 - Waterfall Solutions Ltd., the leading provider of secure unidirectional connectivity for IP based Surveillance Infrastructure, SCADA systems and Segregated Networks announced today that Waterfall Solutions will be in attendance at the 2008 ISC WEST conference at the Sands Expo and Convention center in Las Vegas, Nevada.

Waterfall Solutions will display its new WF-ISE Plus with PTZ capabilities at the conference. Demos of the WF-ISE will be available for select OEM and carrier partners to evaluate. Waterfall Solutions will exhibit at booth 8135 during the three day conference from April 2nd to April 4th. Additionally, both the CEO and CTO of Waterfall Solutions will be available for separate one-on-one meetings with interested partners.

“ISC West is the perfect venue for us to present the first security solution that enables companies and organizations to enjoy the advantages of IP-based surveillance without suffering from the dangers inherent in network connectivity.” said Esti Peshin CEO of Waterfall Solutions.

ISC West is the nation’s largest physical and electronic security event. www.iscwest.com

About Waterfall Solutions:
